

**Department of Cannabis Control
Project-Specific Information Form**

(To be completed by applicant – attach additional sheets as needed)

If a previously certified or adopted environmental document is not available or does not exist, you must submit a completed Project-Specific Information Form. The Department of Cannabis Control (Department) will use this form to determine whether the project has the potential to generate significant adverse environmental impacts that might require preparation of a CEQA document or the need for additional information. (Cal. Code Regs., Tit. 14, § 15060(a) [CEQA Guidelines].).

Please provide detailed responses to the items below. If more space is needed, additional pages may be added. Missing, incomplete, or inconsistent information may delay the processing of your application. Applicants must complete this form when the local jurisdiction from which they received authorization to conduct commercial cannabis activity did not certify a CEQA document.

Applicant Name: _____

Application Number: _____

Local jurisdiction (city/county): _____

SECTION A. PROJECT LOCATON AND SURROUNDING USES

1. Describe the project location including street address, city, county, Assessor’s Parcel Number, major cross streets, general plan designation, zoning designation, and any other physical description that clearly indicates the project site location.

2. Describe the surrounding land uses and zoning designations within one-half mile radius of the project and list the abutting land uses.

3. Provide a vicinity map and aerial image to show the project location.

4. Provide photographs, not larger than 8 ½ by 11 inches, of the of existing visual conditions as observed from the publicly accessible vantage point(s).

SECTION B: PROJECT DESCRIPTION

1. Describe the activities included in the project application and identify any other commercial cannabis activity or activities occurring at the proposed premises.

2. Quantify the project size (total floor area of the project) in square feet and the lot size on which the project is located, in square feet.

3. List and describe any other related public agency permits and approvals, including any entitlements required for this project (e.g., those required by a planning commission, city council, board of supervisors, local air district, or regional water board).

4. Identify whether the applicant is licensed by, or has applied for licensure from, the Department to engage in commercial cannabis activity at the proposed premises.

5. Explain whether any of the project activities will expand the existing footprint of the facility beyond the current structural or parcel boundaries, increase the amount of impervious surface, or reduce any natural habitat. If the project is part of a larger project, attach a separate sheet to briefly describe the larger project.

6. Discuss whether the project will increase the quantity and type of solid waste, as defined by Public Resources Code section 40191, or hazardous waste, as defined by Health and Safety Code section 25117, that is generated or stored onsite.

7. Identify the location, type, and quantity of hazardous materials, as defined by Health and Safety Code section 25260, that are stored, used, or disposed of at the project site and a copy of the Hazardous Material Business Plan (HMBP) prepared for the proposed premises, if any.

8. List the water source(s) and amount, in gallons, supplied for each indoor and outdoor commercial cannabis activity at the project site. Identify the wastewater treatment system (e.g., septic, aerobic or lagoons) used for the project site.

9. Estimate the number of anticipated employees onsite, occupancy during operating hours, frequency of deliveries or shipments originating to and from the project site, describe the anticipated transportation activity at the project site including the effects of the project related to public transit, bicycle, or pedestrian facilities.

10. Describe the project's anticipated operational energy needs, identify the source of energy supplied for the project and the anticipated amount of energy per day, and explain whether the project will require an increase in energy demand and the need for additional energy resources.

SECTION C: OTHER RELEVANT CEQA INFORMATION

Submit any other relevant CEQA documentation or information that will assist the Department in determining CEQA compliance (e.g., any environmental impact analysis prepared by a consultant).
