

State of California, Department of Cannabis Control

Request for Disaster Relief

If you cannot meet a regulatory rule due to a declared disaster, you can request disaster relief. Disaster relief is a temporary waiver of a regulatory rule. Qualified disasters are a State of Emergency declared by the Governor or a local emergency declared by the city or county.

You can use this form to request temporary relief from a regulation and, if applicable, to notify us you have moved your product as the result of immediate threat related to a qualified disaster. Email your completed form to disasterrelief@cannabis.ca.gov for review.
