Hi Ashlynn,

I would like to request an update from the DCC during this virtual meeting regarding the following AB-45 questions;

1. My company would like to obtain an industrial hemp enrollment and oversight authorization from the DCC/CDPH, what is the timeframe for implementation of this program, and how might we best be able to follow updates on the progress of progress in the meantime?
2. What is the DCC/CDPH timeframe for testing and labeling requirements to be finalized and implemented for manufacturing and sales of CDB infused food and beverages in California?

Thank you very much and best regards,

Hello Ashlynn,

Happy Holidays to you.

As part of this meeting, how do I go about requesting an update on timeframe for new regulations from DCC concerning new state law allowing CBD to be infused into food and beverage products in CA?

Thank you and please advise,

The Cannabis Advisory Committee advises DCC on the development of regulations that help protect public health and safety and do not perpetuate the illegal market for cannabis.

About the Department of Cannabis Control

The Department of Cannabis Control (DCC) licenses and regulates commercial cannabis

activity within California. DCC works closely with all stakeholders, including businesses and local governments, to create a sustainable legal cannabis industry and a safe and equitable marketplace. DCC develops and implements progressive cannabis policies with robust protections for public health, safety and the environment.

DCC was recently [formed](#) by merging the three state cannabis programs.
