.....

Hello-

I'm a concerned citizen in unincorporated San Diego. Why- because there is a grant about to help previously incarcerated individuals to open cannabis shops in less fortunate areas- where there are already several around!

Why- is there no limit by the state or county on the amount of shops? Why isn't there a law for this state wide also the location they should be 1000 feet from residence homes, schools, parks and religious institutions.

When will there be a mandate for these questions? There's already so many other issues in these areas: graffiti, lack of sidewalks and lights, trash, and homeless.

In Spring Valley a unincorporated area of San Diego there have already been previous murders at cannabis shops the unincorporated areas already lack a sustainable amount of Sheriffs.

Please stop the madness and make some very relative and overdue required laws.

Thank you and appreciate a response,

Jennifer
